

# Arctic Adventures

Arctic adventures is software that matches the IKC Arctic collection. The 11 interactive games have the same fresh, modern look as the rest of the collection. The games take place in a natural setting with calm, neutral colours. The software allows children from 3 to 9 years old to enjoy themselves. Also, the look and feel of the software fits into any organization and interior.

Arctic adventures can be installed on the 10, 17, 21, 32 and 70 inch IKC touch screens. All games are violent- and language-free and therefore suitable for all children.
