A suitable play area for your daycare facility

THERE'S NOTHING MORE BEAUTIFUL AND POWERFUL THAN CHILDREN PLAYING

Parents want to bring their children to the daycare facility knowing that they are safe, well cared for and that they can enjoy themselves. That is possible with an IKC play area. We focus on fun and safety when we design our products.

LET CHILDREN PLAY AND MOVE SAFELY

We create play corners where children learn, develop and are challenged to move. Thanks to the materials and production techniques we use, our products are safe, hygienic and will last for many years. From design to installation, we keep the optimal hygiene aspects well in mind. In addition, we always make sure that the play concepts don't contain any loose parts. This makes them easier to clean and it is also safer for the children.

Our products are SGS certified according to the European EN-71 safety standard.
